

MOISTURE ANALYSER -

Technical Features

- Programmable range, scale and display
- 19" rackmount housing
- Aluminium oxide sensor technology
- 4-20 mA output
- 1/8" swagelock inlet & outlet
- 230 VAC power supply

- | | |
|-------------------------------|--|
| • Measure unit | Dew Point °C / ppm |
| • Sample Flow | 100 cc/min \pm 10% |
| • Scale | dew point -100° +20° ; 0-1000 ppm |
| • Power Supply | 85-230VAC |
| • Outputs | Analog Signal: 4-20mA proportional to DP scale (resolution 10-bit) |
| • 2 programmable Alarm relays | 3 contact NO-COM-NC |
| • Fuse | Fuse 1A on AC PS Programmable range, scale and display |
